

HEAL Community Network Survey 2015

Total # Survey Respondents: 15

HEAL NH Participation

Which of the following are reasons you attend HEAL NH Community Network meetings?

Answer Options	Response Percent	Response Count
To hear updates from HEAL NH Home	86.7%	13
To hear updates from other network communities	80.0%	12
For presentations from HEAL NH Network (community or state) partners	66.7%	10
To help work on shared goals of HEAL NH/HPHP and my organization	46.7%	7
For networking opportunities	80.0%	12
To get advice, guidance, etc. from other network communities	73.3%	11

Please indicate to what extent each of the following are barriers to your organization's active participation in HEAL NH:

Answer Options	Significant Barrier	Moderate Barrier	Not a Barrier	N/A
HEAL NH is not relevant to me or my organization	0	1	12	1
HEAL NH is not taking any meaningful action	0	2	11	1
HEAL NH lacks clarity in tasks	1	1	11	1
The distance I need to travel for meetings	0	4	9	1
Problems with the meeting schedule	0	7	7	0
Inadequate communication from HEAL NH regarding the focus of different workgroups and committees and lack of meeting information	1	3	10	0
I have insufficient time to participate	1	5	8	0
My organization does not make accommodations to enable my participation (e.g., allowing me to attend meetings during work hours)	0	0	12	2
I find the HEAL NH collaborative process to be ineffective	0	1	12	1
HEAL NH lacks specific funding to support activities or initiatives	2	2	9	1

Please indicate to what extent each of the following motivate you/your organization's active participation in HEAL NH:

Answer Options	Strongly Motivating	Moderately Motivating	Not Motivating at all	N/A
Alignment between the goals of my organization and HEAL NH	9	5	0	0
Networking with other HEAL NH partners and communities	10	4	0	0
Collaborating with other HEAL NH partners and communities	9	4	0	1
Helping my organization/partnership to reach mutual goals	9	5	0	0
Staying well-informed of policy-related issues	8	5	1	0
Learning new research, promising practices, and other advancements in the field	9	4	0	1
Jointly advocating for policy and system change issues	8	3	2	1
Creating a greater impact than my organization/partnership could have on its own	11	1	2	0
Acquiring additional financial support for my organization/partnership	10	4	0	0

Healthy People Healthy Places Plan

Are you familiar with the 2014-2019 NH HPHP Plan, which is the current statewide plan for healthy eating and active living in NH?

How relevant are the strategies identified in the NH HPHP Plan for your community partnership/coalition?

3 respondents skipped this question

How have you been involved with NH HPHP Plan?

Answer Options	Response Percent	Response Count
I helped to develop the NH HPHP Plan	0.0%	0
I am/was a member of a NH HPHP workgroup	0.0%	0
I have received a copy of the plan	91.7%	11
I have read or referenced the plan	100.0%	12
I have shared the plan with others	33.3%	4
I am helping to implement it	33.3%	4
I am not involved at all with the plan	0.0%	0

3 respondents skipped this question

Community Strategies/Activities and the HPH Plan

Concerning the NH HPH Plan objectives: Please indicate which strategies under each objective your community partnership/coalition supports with HEAL NH activities (please check all that apply).

Objective #1: Active Transportation:

Comments:

provided bike racks to community worksites

Active Transportation Objective #1: All NH Communities are built to support walking, biking, and other active transportation options.		
Answer Options	Response Percent	Response Count
Coordinate education and advocacy efforts for community design that supports biking, walking, and other active transportation options.	66.7%	10
Increase investments in bike and pedestrian infrastructure with an emphasis on highest-need communities and/or neighborhoods.	46.7%	7
None of the above	20.0%	3

Objective #2: Active Recreation:

Comments:

Coalitions support all, but resources are limited

Henniker NH is in dire need of these things. There is a college gym, and a local work out center, but no indoor community facilities. Also our playground did not pass inspection this year, and fundraising is underway to create a new playground.

workplace physical activity policies, workplace-based spaces for physical activity

Active Recreation Objective #2: All NH communities have access to indoor and outdoor recreation facilities within a reasonable distance.		
Answer Options	Response Percent	Response Count
Increase access to public and community facilities for physical activity through education, outreach, and advocacy for joint use agreements, with a priority for highest-need communities and/or neighborhoods.	40.0%	6
Increase public and private investment to create and improve access to healthy and safe parks, playgrounds, and open spaces and other places for community recreation.	66.7%	10
Increase use of parks, playgrounds, open spaces, and other places for community recreation by highest need communities and/or neighborhoods.	46.7%	7
Park and built environment modifications to increase safe access to park and active recreation facilities	60.0%	9
None of the above	13.3%	2

Objective #3:

Healthy Food Access:

Comments:

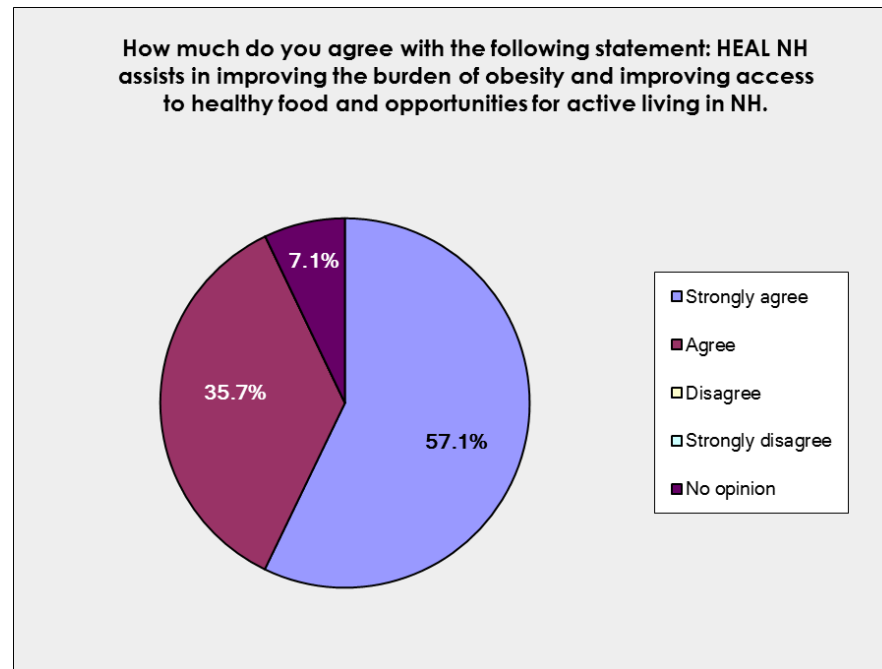

increase access to, and promotion of, healthy food in worksites though policies, environmental changes, and education/advocacy

Healthy Food Objective #3: All NH communities will have affordable, healthy food options within a reasonable distance.		
Answer Options	Response Percent	Response Count
Increase access to, and promotion of, healthy food in grocery stores through education and advocacy with an emphasis on highest need communities and neighborhoods.	13.3%	2
Increase access to, and promotion of, healthy food in convenience stores through education and advocacy with an emphasis on highest need communities and neighborhoods.	13.3%	2
Increase access to, and promotion of, healthy food in restaurants through education and advocacy with an emphasis on highest need communities and neighborhoods.	53.3%	8
Increase access to, and affordability of, fruits and vegetables in and near highest need communities and neighborhoods.	53.3%	8
Advocacy for the allocation of innovative and non-traditional financing mechanisms for increasing equitable access to healthy food in highest need communities and neighborhoods.	26.7%	4
None of the above	20.0%	3

Objective #4:

Healthy Food Promotion:

Healthy Food Objective #4: NH Institutions and businesses will provide and promote healthy food and beverage options.		
Answer Options	Response Percent	Response Count
Increase healthy food and beverage availability in K-12 schools through education and advocacy.	53.3%	8
Increase healthy food and beverage availability in early care settings through education and advocacy.	40.0%	6
Increase healthy food and beverage availability in afterschool settings through education and advocacy.	46.7%	7
Decrease access to sugar-sweetened beverages in K-12 schools through education and advocacy.	33.3%	5
Decrease access to sugar-sweetened beverages in early care settings through education and advocacy.	33.3%	5
Decrease access to sugar-sweetened beverages in afterschool settings through education and advocacy.	33.3%	5
Engage businesses to develop achievable strategies to provide meals consistent with the Dietary Guidelines for Americans through coordinated education and advocacy.	33.3%	5
None of the above	13.3%	2

Comments:

Please share your ideas on ways that the HEAL NH can be more rewarding and relevant for you, your organization, and/or your HEAL NH partnership:

it takes a long term perspective to do this work to create changes to support healthy choices

I would greatly appreciate it if HEAL NH could provide one-on-one technical assistance to help each community better understand the HPHP Plan, how the needs identified in the plan relate to our specific community, and to help us align our goals/objectives. A number of our goals are outside of the HPHP Plan, and it would be beneficial both to HEAL NH and potentially to my community if they were better aligned. It would also be interesting to see how each of the other communities align with the HPHP Plan to see if there are any objectives/goals that no community is working on; if there are goals/objectives that no one is addressing, it would be good to find out why. Maybe there is a need for trainings, etc. on strategies to make those objectives/goals a reality.

Henniker NH and it's non-profits have been working in Collaboration together and would be a great addition to the HEAL community. I would love to be contacted

HEAL is the blanket organization, and I am but a spoke in the wheel
